

- **Government Brennen College, Dharmadam Centre for Research and Development**

Government Brennen College, Dharmadam has constituted a Centre for Research and Development with an aim to popularize and to promote research culture among the teaching and student community in the college. The Centre is managed by a committee that consists of the Principal, a convener, all Research Guides of the College and representatives from Research Departments. The Centre encourages all faculty members to apply for research projects funded by agencies such as UGC, Kerala state Science Technology and Environmental Council. The Centre collects details of other potential funding agencies and shares the information among the teaching community.

Code of Ethics

The institution has a code of ethics to check malpractices and plagiarism in Research done by the faculty members of the institution. The research articles and thesis prepared by the faculty members must be checked using state of the art plagiarism checking software available with the university.

Dr. Rajeevan E, Department of Philosophy - Convener
